FINANCIAL AND COMMERCIAL.

FRIDAY, June 25-6 P. M. The money market to-day was more abundantly supplied with funds, but the increased activity in stocks kept the demand quite up to the usual degree. The general and prevailing rates during the earlier hours were seven per cent, gold, on miscellaneous collaterals, and seven per cent, currency, on governments. In fact, the rate on the latter class of securities has been generally at the legal figure, either in gold or currency, throughout the monetary activity of the past few weeks. Seven per cent, gold, is equivalent to 91/2 per cent. So that when later in the day, between two and three o'clock, the period during which there is a larger inquiry, the rate advanced to a thirty-second per diem, it was only a slight aggravation, 1-32 being about 11 per cent. Just as three o'clock was striking the demand was confined to some two or three borrowers, who yet lingered on the sidewalk in front of the Stock Exchange, and had to pay gold interest. The rate on call was, therefore, more uniform than it has been in a good while. It fluctuated neither to extreme figures on the one hand nor to easy ones on the other. Commercial paper was quoted at 9 a 10 per cent for prime double name

The government market was animated and strong at the opening through a continued strong market in London for five-twenties at the beginning of business there this morning, and improved at the noon board in response to the firmer tone of the gold market. This buoyancy was checked in the afternoon by the decline in London, but holders were firm and sellers few, the market closing steady and dull at the following quotations:-United States sixes, 1881, registered, 116% a 117; do. do., coupon, 121% a 121%; do., five-twenties, registered, 116% a 116%; do. do., coupon, 1862, 122 a 122/s; do. do., coupon, 1863, 116% a 117%; do. do., coupon, 1865, 118 a 118%; do. do., coupon, 1865, new, 119% a 119%; do. do., coupon, 1867, 119% a 119%; do. coupon, 1868, 1193/2 a 1193/4; do., ten-forties, registered, 107% a 107%; do. do., coupon, 108% a 108%; currency bonds, 106% a 106%

Foreign exchange was steady until late in the afternoon, when, under a rather active demand for bills to be remitted by to-morrow's steamers, the prime bankers advanced their rates one-eighth per cent-a step in which they were rendered more confident by the fact that the afternoon quotation for bonds in London had declined to 80%. The following was the range of rates:-Sterling, sixty days, commercial, 108% a 109%; good to prime bankers', 109% a 109%; short sight, 110% a 110%; Paris, sixty days, 5.22% a 5.15%; short sight, 5.15 a 5.13%; Antwerp, 5.22% a 5.16%; Switzerland, 5.22% a 5.16%; Ham burg, 35% a 35%; Amsterdam, 39% a 40%; Frankfort, 49 a 49%; Bremen, 78 a 78%; Prussian thalers, 703

In Southern securities there was a feverish market for the Tennessees which were quite irregular, the new bonds declining at one time to 55%, but subsequently recovering to 58%. A great deal of feeling is manifested concerning these bonds which it is openly charged are sold down by the State officials, many of whom are now in town. The Missouri sixes were firmer, probably through an effort to cover speculative sales made upon the discovery of the stock jobbing nature of the recent semi-official decision as to their payment in gold. The North Carolinas were stronger, while the South Carolinas were noticeably higher, the old bonds selling at 85. The following were the closing street prices for the Southern Tennessee sixes, ex coupon, 62 a 62%; do. do., new, 58 a 5836; do. fives, 55 a 57; Virginia sixes, ex coupon, 57 a 58; do. do., new, 6134 a 62; do. do., registered stock, 4834 a 4936; do. do., registered, 1866, 57 a 5734; do. do., registered, tered, 1867, 53 a 54; Georgia sixes, 84 a do. sevens, 96 a 97; do. do., interest payable in Georgia, 95 bid; North Carolina sixes, ex coupon. 59 a 59%; do. do., new, 55% a 55%; Missouri sixes, 91¾ a 92; Missouri, Hannibal and St. Joseph, 92½ a 94; Louisiana sixes, 72¾ a 73½; do. levee sixes, 63¼ a 69; do. do. eights, 87 a 88%; Alabama eights, *97 a 98; do. fives, 62% a 64; do. sixes, sterling, 94 a 97; South Carolina sixes, 84 a 85; do. do., new, 1867, 80 a 82; do. do., new, 1869, 71 a 72; do. do., registered, stock, 66 a 68; Memphis sixes, 52 a 5232; Atlanta cights, 85 a 87; Savannah sevens, 92 a 94; New Or-Jeans consols, 75 a 77; do. do., ratiroad issue, 70 a 71; Mobile Ohio sterling, 67 a 68; do. do. eights, 58 a 60; Mississippi Central, first mortgage, 74 a 75; do. do., second mortgage, 60 a 61; Memphis and Charleston first morigage, 87 a 89; do. do., second mortgage, 75 a 78; do. do., stock. 47 a 48; Greenville and Columbia gnaranteed, 65 a 68.

The gold market was in the main dull. The range in the price was from 137 to 137);. The decline in consols at London, despite the lowering of the discount rate of the Bank of England, is significant of a market. It is not easy to conjecture its cause unless really critical in French politics, the effect of which radiates from Paris to London. Gold was strong with the strength of exchange. The course of the

The rate for carrying cash gold was inclined to easier figures, in sympathy with the general course of the interest rate, and the tendency was assisted by a better demand arising out of heavy speculative The opening rate was about 12 per cent for carrying, but it declined to seven per cent before in the afternoon. The disbursements of com interest were \$138,603. The following is the report of the

 Gold Exchange Eark:
 \$95,331,000

 The stock market was strong and active. The advance in the forenoon was led by Rock Island, which sold up to 120%. A reaction ensued during the more active inquiry for money, just before the close of banking hours. After three o'clock a revival of the bullish feeling took place, the Yanderbill stocks leading, New York Central rising to 194% and Hudson river to 165. Michigan Southern was less buoyant, its tendency to rise being met by free sales, but it touched 106%. Next in interest were the Northwestern shares, which advanced to 8314 for the common and 97 for the preferred. In the final street business the Northwestern shares retained their activity, but New York Central fell a quarter to a half per cent. Hariem was comparatively neglected. New Jersey Central suddenly declined in the afternoon to 10414. Fort Wayne was steady between 157 and 15716. Ohio and Mississippi was active within a narrow limit. Wabash sold up to 75. The St. Paul stocks were reactionary and inclined to lose the advance of the past few days. Pittsburg was higher, a large advance being offered where the buyers were allowed long options. In the miscellaneous list Pacific Mail was irregular. the earliest prices being about 87, from which it declined a half to three-quarters per cent and remained steady. Western Union was firmer on the showing of the carnings for the expired portion of the year, and advanced to 39% a 30%. The express stocks lost their firmness and receded from the high prices of yesterday. The fact suggests the suspicion that they were manipulated to sell. Quicksilver Mining was quiet and steady. Mariposa is neglected, bu is strong at about 9 for the common and 17% for the preferred. In the certificates there is generally a wide margin between bidding and asking prices. The following were the closing quotations on the call at the last session of the Stock Exchange:-Canton, 62% a 64; Boston Water Power, 15% a 16%; Cumberland, 3234 a 34; Wells, Fargo & Co.'s Express 31½ a 31½; Adams Express, 62½ a 62½; American Express, 41 a 42; United States Express, 73½ a 75; Quicksilver, 15 a 16; Pacific Mail, 86 a 86%; Western Union Telegraph, 39 % a 39 %; New York Central, 193 a 193%; Mariposa, 8% a 0%; do. preferred, 17% a 17%; do. certificates, 43 a 50; Hudson River, 163% a 15374; Reading, 9834 a 9874; Alton and Terre Haute, 40; Chicago and Alton, 158 a 15934; do. preferred, 158 bid; Toledo and Wabash, 73% a 74; do. prejerred, 82; Milwaukee and St. Paul, 75%; do. preferred, 88% a 87; Onto and Mississippi, 33 a 33%; Fort Wayne, 157% a 157%; Michigan Central, 134; Michigaa

143%; Cleveland and Pittsburg, 98% a 98%; Rock

preferred, 96 a 965; New Jersey Central, 105% a 106; Morris and Essex, 89 a 99; Hannibal and St. Joseph, 120 bid; do. preferred. 119 a 120; Columbus, Chica-

go and Indiana Central, 40 a 40%.

A company has been organized for the purpose of building a railroad from Rome to Clinton (eight miles), to connect with the Utica, Clinton and Binghamton Railroad and the Midland Railroad. It is proposed to lease the new road to either of the above corporations or to the Rome, Watertown and Ogdensburg Railroad Company. When this road and the Midland are completed the Central will have a formidable competitor for the large amount of through freight which it now receives at Rome from the Ogdensburg road. The board of directors of the Rome and Clinton Railroad recently held a meeting, at which it was ordered to have a survey of the road made at once. The following are the officers chosen at the meeting:-President, W. S. Bartlett; President, E. B. Armstrong; Secretary, A. W. Mills; Treasurer, B. J. Beach; Executive Committee, E. B. Armstrong, J. E. Elliott, George H. Sanford, Henry S. Armstrong; Finance Committee, A. B. Clark, L. H. Shattuck, Alfred Ethridge,

From November, 1868, to May 1, 1869, the manufacturers of tobacco, snuff and cigars purchased \$134,128 "tax paid stamps," to affix to their products instead of their sales tax, appearing as formerly on the assessment lists. By reason of the enormous reduction in the rate of tax on other manufacturers' sales, and the withholding from the lists (from which the above statement is made up) of taxes on tobacco, snuff and cigars, the great difference in tax on manufactures noticed in said statement within the periods given is thus accounted for.

2.827

Collector Bailey, of the Thirty-second district, yesterday seized the stock of E. C. Gaffield, a wholesale dealer in distilled spirits at 128 Maiden lane. The entire stock consisting of alcohol, wines, &c., was removed to the bonded warehouse 8s and 90 Pearl street, pending the institution of proceedings for its forfeiture. About 6,000 gallons of spirits are involved in the sag In the seizure.

The places of business of two other dealers and rectifiers have also been placed under seizure by Collector Bailey.

REAL ESTATE MATTERS.

The pioneer sale of Staten Island property took place to-day on the grounds of Charles K. Hamilton, of New Brighton, who disposed of a part of his magnificent estate, on which over \$1,000,000 have been spent in beautifying and ornamenting-a property which, twenty years ago, was a mere pas-ture. A band accompanied the steamer Thomas Hunt from the foot of Dey street, and on the arrival of the party, numbering about 400 people, on the grounds a capital collation, provided by Delmonico, was served. Some disreputable characters atwas served. Some disreputable characters attempted to create a disturbance, but the efficient police force Mr. Hamilton had the precaution to secure soon weeded them out, and then all went "merry as a marriage bell." The sale, as far as it went, was a success, and the prices obtained for some of the lots were good. The land was soid in plots of four city lots, 50x290. After the sale the party adjourned to the residence of Mr. Hamilton, where a champagne collation was served. At no distant date a large number of lots will be placed on the market and several houses, which would have been sold to-day had the question of leases been satisfactorily settled. The following are the full particulars:—
